DEVELOPMENT BANK OF THE FEDERATION OF BOSNIA AND HERZEGOVINA

Financial statements for the year ended 31 December 2011 prepared in accordance with International Financial Reporting Standards with Independent Auditors' Report

Contents

Responsibility for the financial statements

The Management Board is responsible for ensuring that financial statements are prepared for each financial period in accordance with International Financial Reporting Standards (IFRS), as published by the International Accounting Standards Board which give a true and fair view of the state of affairs and results of Development Bank of the Federation of Bosnia and Herzegovina ("the Bank") for that period.

After making enquiries, the Management Board has a reasonable expectation that the Bank has adequate resources to continue in operational existence for the foreseeable future. For this reason, the Management Board continues to adopt the going concern basis in preparing the financial statements.

In preparing those financial statements, the responsibilities of the Management Board include ensuring that:

- suitable accounting policies are selected and then applied consistently;
- judgments and estimates are reasonable and prudent;
- applicable accounting standards are followed, subject to any material departures disclosed and explained in the financial statements; and
- the financial statements are prepared on the going concern basis unless it is inappropriate to presume that the Bank will continue in business.

The Management Board is responsible for keeping proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Bank and must also ensure that the financial statements comply with the Accounting and Auditing Law of Federation of Bosnia and Herzegovina. The Management Board is also responsible for safeguarding the assets of the Bank and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Signed on behalf of the Management Board

Ramiz Džaferović
President of the Management Board

Independent Auditors' Report

To the Owner of Development Bank of the Federation of Bosnia and Herzegovina

We have audited the accompanying financial statements of Development Bank of the Federation of Bosnia and Herzegovina ('the Bank'), set out on pages 4 to 38 which comprise of the balance sheet as at 31 December 2011, and the income statement, statement of comprehensive income, statement of changes in equity and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of Development Bank of Federation of Bosnia and Herzegovina as of 31 December 2011, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

Emphasis of matter

In accordance with Article 3 of the Law on Development Bank of the Federation of Bosnia and Herzegovina, the Government of the Federation of Bosnia and Herzegovina should have increased the capital of the Bank by by 400 million KM from the budget in equal instalments starting from 2008 to 2011. As of the date of this report the increase in capital was not done in accordance with the dynamics and amounts as stated by the Law on Development Bank of the Federation of Bosnia and Herzegovina.

Our opinion is not qualified in respect of these matters

Other Matters

The financial statements of Development Bank of Federation of Bosnia and Herzegovina for the year ended 31 December 2010 were audited by another auditor who expressed unqualified opinion on those statements on 9 March 2011.

Sead Bahtanović, director and licensed auditor

Sabina Softić, licensed auditor

1. GENERAL

Development Bank of the Federation of Bosnia and Herzegovina ("the Bank") was established by the Law on the Development Bank of the Federation of Bosnia and Herzegovina ("Official Gazette No. 37/08). The Bank's headquartered in Igmanska 1, Sarajevo. The Bank is 100%-owned by the Federation of Bosnia and Herzegovina.

In compliance with the Law and the Statute of the Bank, bodies of the Bank are: the Assembly (consisting of the Government of the FBiH), the Supervisory Board, the Management Board and the Audit Committee.

As of 31 December 2011 the Bank has organizational components – branch offices in Mostar, Bihać, Zenica, Orašje and Livno.

The goals of the Bank are encouragement of economic development and overall social development and the encouragement of sustainable growth to the territory of the Federation of Bosnia and Herzegovina, relating to the financial and general social goals defined by the Law.

Corporate loan and guarantee approval are the key activities of the Bank either directly or through other banks, in order to support the local economy, regional development and employment. The Bank performs loan operations in the name and on behalf of the Bank (from capital, collected deposits and borrowings), as well as in the name and on behalf of the Federation BiH, on which behalf it manages its domestic and foreign funds aimed for development projects, as well as receives cash deposits and takes loans, as a function of financing development projects.

2. ADOPTION OF NEW AND REVISED STANDARDS

2.1 Standards and Interpretations effective in current period

The following amendments to the existing standards issued by the International Accounting Standards Board and interpretations issued by the International Financial Reporting Interpretations Committee are effective for the current period:

- Amendments to IFRS 1 "First-time Adoption of IFRS"- Limited Exemption from Comparative IFRS 7 Disclosures for First-time Adopters (effective for annual periods beginning on or after 1 July 2010),
- Amendments to IAS 24 "Related Party Disclosures" - Simplifying the disclosure requirements for government-related entities and clarifying the definition of a related party (effective for annual periods beginning on or after 1 January 2011),
- Amendments to IAS 32 "Financial Instruments: Presentation" – Accounting for rights issues (effective for annual periods beginning on or after 1 February 2010),
- Amendments to various standards and interpretations "Improvements to IFRSs (2010)" resulting from the annual improvement project of IFRS published on 6 May 2010 (IFRS 1, IFRS 3, IFRS 7, IAS 1, IAS 27, IAS 34, IFRIC 13) primarily with a view to removing inconsistencies and clarifying wording (amendments are to be applied for annual periods beginning on or after 1 July 2010 or 1 January 2011 depending on standard/interpretation),
- Amendments to IFRIC 14 "IAS 19 - The Limit on a defined benefit Asset, Minimum Funding Requirements and their Interaction" - Prepayments of a Minimum Funding Requirement (effective for annual periods beginning on or after 1 January 2011),
- IFRIC 19 "Extinguishing Financial Liabilities with Equity Instruments" (effective for annual periods beginning on or after 1 July 2010).

The adoption of these amendments to the existing standards and interpretations has not led to any changes in the Bank's accounting policies.

2. ADOPTION OF NEW AND REVISED STANDARDS (CONTINUED)

2.2 Standards and Interpretations in issue not yet adopted

At the date of authorisation of these financial statements the following standards, revisions and interpretations were in issue but not yet effective:

- IFRS 9 "Financial Instruments" (effective for annual periods beginning on or after 1 January 2015),
- IFRS 10 "Consolidated Financial Statements" (effective for annual periods beginning on or after 1 January 2013),
- IFRS 11 "Joint Arrangements" (effective for annual periods beginning on or after 1 January 2013),
- IFRS 12 "Disclosures of Involvement with Other Entities" (effective for annual periods beginning on or after 1 January 2013),
- IFRS 13 "Fair Value Measurement" (effective for annual periods beginning on or after 1 January 2013),
- IAS 27 (revised in 2011) "Separate Financial Statements" (effective for annual periods beginning on or after 1 January 2013),
- IAS 28 (revised in 2011) "Investments in Associates and Joint Ventures" (effective for annual periods beginning on or after 1 January 2013),
- Amendments to IFRS 1 "First-time Adoption of IFRS"- Severe Hyperinflation and Removal of Fixed Dates for First-time Adopters (effective for annual periods beginning on or after 1 July 2011),
- Amendments to IFRS 1 "First-time Adoption of IFRS" - Government Loans (effective for annual periods beginning on or after 1 January 2013),
- Amendments to IFRS 7 "Financial Instruments: Disclosures"- Transfers of Financial Assets (effective for annual periods beginning on or after 1 July 2011),
- Amendments to IFRS 7 "Financial Instruments: Disclosures" - Offsetting Financial Assets and Financial Liabilities (effective for annual periods beginning on or after 1 January 2013),
- Amendments to IFRS 9 "Financial Instruments" and IFRS 7 "Financial Instruments: Disclosures" – Mandatory Effective Date and Transition Disclosures,
- Amendments to IAS 1 "Presentation of financial statements" - Presentation of Items of Other Comprehensive Income (effective for annual periods beginning on or after 1 July 2012),
- Amendments to IAS 12 "Income Taxes" - Deferred Tax: Recovery of Underlying Assets (effective for annual periods beginning on or after 1 January 2012),
- Amendments to IAS 19 "Employee Benefits" - Improvements to the Accounting for Post-employment Benefits (effective for annual periods beginning on or after 1 January 2013),
- Amendments to IAS 32 "Financial instruments: presentation" - Offsetting Financial Assets and Financial Liabilities (effective for annual periods beginning on or after 1 January 2014),
- IFRIC 20 "Stripping Costs in the Production Phase of a Surface Mine" (effective for annual periods beginning on or after 1 January 2013).

The Bank has elected not to adopt these standards, revisions and interpretations in advance of their effective dates. The Bank anticipates that the adoption of these standards, revisions and interpretations will have no material impact on the financial statements of the Bank in the period of initial application.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Statement of compliance

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as published by the International Accounting Standards Board.

The financial statements have been prepared on the historical cost basis except for the revaluation of certain non-current assets and financial instruments.

The financial statements are prepared on an accrual basis of accounting, under the going concern assumption.

The financial statements are presented in thousands of Convertible mark (KM'000) which is the functional currency of the Bank.

Change of accounting policy

Up to 31 December 2010, as it was required by local legislation and decisions of Banking Agency of the Federation of Bosnia and Herzegovina ("FBA"), the Bank was preparing the financial statements in accordance with IFRS as modified by the regulatory requirements prescribed by FBA with respect to the calculation of provision for impairment of financial instruments. These rules required banks to calculate the allowance for impairment of financial assets and provision for commitments and contingencies using the matrix system based on number of overdue days. The matrix system applied on outstanding loan receivables, as well as on commitments and contingencies, was as follows:

- 0 - 30 overdue days - 2%,
- 31 - 50 overdue days - 5%,
- 51 - 70 overdue days - 10%,
- 71 - 90 overdue days - 15%,
- 91 - 120 overdue days - 16%,
- 121 - 140 overdue days - 20%,
- 141 - 160 overdue days - 30%,
- 161 - 180 overdue days - 40%,
- 181 - 210 overdue days - 41%,
- 211 - 230 overdue days - 45%,
- 231 - 250 overdue days - 50%,
- 251 - 270 overdue days - 60%,
- Above 271 overdue days - 100%.

This was not in accordance with International Accounting Standard ("IAS") 39: 'Financial Instruments: Recognition and Measurement', which requires assessment at each reporting period date as to whether there is any objective evidence that a financial asset or group of financial assets is impaired. If there is objective evidence that an impairment loss on loans and receivables carried at amortised cost has been incurred, the amount of the loss should be measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate.

Additionally, the banks had to recognize the general provision of 2% for some other items of assets.

(all amounts are expressed in thousands of KM, unless otherwise stated)

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Change of accounting policy (continued)

Based on the Guidelines on the changes to the means for creating, recording and reporting forms for the loan loss reserves, issued by FBA in January 2011, the banks are obliged to introduce a new methodology for assessment of impairment losses on the financial assets (loans and receivables), in line with the requirements of IAS 39, and provisions for commitments and contingencies, in line with the requirements of IAS 37: "Provisions, Contingent Liabilities and Contingent Assets", effective from 1 January 2011. These guidelines also eliminated the requirement for general provisions of 2 % for other items of assets. Also, the banks are required to recognize the difference between the allowance for impairment losses on financial assets and provisions according to new accounting policy and the level of allowance for impairment losses on financial assets and provisions that would have been determined if the matrix system was still applied, under Regulatory reserves within the equity. The difference should be determined at the end of every year and upon decision of the Bank's Assembly on allocation of net result for the year kept at required level.

Due to the fact that new accounting policy for impairment losses on financial assets and provisions by its nature is based on the approximations and the accounting estimates made by the Management, the Bank was not able to determine the effects of the change in the accounting balances to the individual balances on the income statements, statement of comprehensive income, statement of cash flows and changes in equity for the years ended 31 December 2009 and 2010.

Consequently, according to IAS 8: "Accounting Policies, Changes in Accounting Estimates and Errors", the new accounting policy was applied prospectively by making an adjustment to the opening balances of the equity in 2011. The adjustment may be presented as follows:

	Effect on Regulatory reserves (within the equity)
Release of allowance for impairment losses on loans to other banks (Note 15)	1,392
Release of allowance for impairment losses on loans and advances to customers (Note 16)	3,102
Adjustment on provision for commitments and contingencies (Note 20)	387
	4,881

With regard to the change of accounting policy, FBA required the banks to create regulatory reserve as difference between the allowance for impairment losses on financial assets and provisions according to the new accounting policy and the level of allowance for impairment losses on financial assets and provisions that would have been determined if the matrix system had been applied at the date of new accounting policy application.

Interest income and expense

Interest income and expense for all interest-bearing financial instruments, except for those classified as held for trading or designated at fair value through profit and loss, are recognized within 'interest and similar income' and 'interest expense and similar charge' in the income statement using the effective interest rate method.

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fee and commission income and expense

Fees and commissions consist mainly of fees earned on domestic and foreign payment transactions, and fees for loans and other credit instruments issued by the Bank. Fees for payment transactions are recognized in the period when services are rendered.

Loan origination fees, after approval and drawdown of loans, are deferred (together with related direct costs) and recognized as an adjustment to the effective yield of the loan over its life.

Employee benefits

On behalf of its employees, the Company pays personal income tax, and contributions for pension, disability, health and unemployment insurance, on and from salaries, which are calculated as per the set legal rates during the course of the year on the gross salary. The Company pays those tax and contributions in the favour of the institutions on federal and cantonal level, as follows:

	Federation	Canton
Personal income tax	-	100%
Contributions for pension and disability insurance	100%	-
Contributions for health insurance	9%	91%
Contributions for unemployment insurance	30%	70%

Retirement severance payments

According to the local legislation he Bank makes provision for retirement severance payments of minimum six salaries of the employee in question paid in the preceding month or six average salaries of the Federation of Bosnia and Herzegovina for the preceding month, depending on what is more favourable to the employee.

The obligation and costs of these benefits are determined by using a projected unit credit method. The projected unit credit method considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of estimated future cash flows using a discount rate that is similar to the estimated interest rate on government bonds.

Taxation

According to Article 32 of the Law on Development Bank of the Federation of Bosnia and Herzegovina ("Official Gazette number 37/08), the Bank's, the Bank is not subject to corporate profit tax.

Bank's liability is to pay various indirect taxes which are included in administrative expenses.

Cash and cash equivalents

For the purpose of reporting cash flows, cash and cash equivalents are defined as cash, balances with the Central bank of Bosnia and Herzegovina ("CBBH"), current accounts with other banks and cash at hand.

Cash and cash equivalents excludes the compulsory minimum reserve with CBBH as these funds are not available for the Bank's day to day operations. The compulsory minimum reserve with CBBH is a required reserve to be held by all commercial banks licensed in Bosnia and Herzegovina.

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial assets

Financial assets are recognized and derecognized on a trade date where the purchase or sale of an investment is under a contract whose terms require delivery of the instrument within the timeframe established by the market concerned, and are initially measured at fair value, net of transaction costs, except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value.

Financial assets are classified into the following specified categories: financial assets as 'at fair value through profit or loss' (FVTPL), 'available-for-sale' (AFS), 'held-to-maturity investments', and 'loans and receivables'. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

Method of effective interest rate

The effective interest method is a method of calculating the amortized cost of a financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees on points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset, or, where appropriate, a shorter period.

Income is recognized on an effective interest basis for financial instruments: 'held-to-maturity investments', 'available-for-sale' and 'loans and receivables'.

Financial assets at FVTPL

Financial assets are classified as at FVTPL where the financial asset is either held for trading or it is designated as at FVTPL.

A financial asset is classified as held for trading if:

- it has been acquired principally for the purpose of selling in the near future; or
- it is a part of an identified portfolio of financial instruments that the Bank manages together and has a recent actual pattern of short-term profit-taking.

Financial assets at FVTPL are stated at fair value, with any resultant gain or loss recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any dividend or interest earned on the financial asset. Fair value is determined in the manner described in Note 25, point j).

Loans and receivables

Loans and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as loans and receivables. Loans and receivables are measured at amortized cost using the effective interest method, less any impairment. Interest income is recognized by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at each reporting period date. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been impacted.

For all other financial assets objective evidence of impairment could include:

- significant financial difficulty of the counterparty; or
- default or delinquency in interest or principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial re-organisation.

For financial assets carried at amortised cost, the amount of the impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against the allowance account. Changes in the carrying amount of the allowance account are recognized in profit or loss.

With the exception of AFS equity instruments, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, the previously recognized impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment does not exceed what the amortised cost would have been had the impairment not been recognized.

In respect of AFS equity securities, any increase in fair value subsequent to an impairment loss is recognized directly in equity.

Derecognition of financial assets

Bank derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire; or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Bank neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Bank continues to recognize the financial asset.

Financial liabilities

Financial guarantee contract liabilities

Financial guarantee contract liabilities are measured initially at their fair values and are subsequently measured at the higher of:

- the amount of the obligation under the contract, as determined in accordance with IAS 37: "Provisions, Contingent Liabilities and Contingent Assets";
- and the amount initially recognized less, where appropriate, cumulative amortization recognized in accordance with the revenue recognition policies set out at above.

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial liabilities (continued)

Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'other financial liabilities'. The Bank creates one category of financial liabilities, for which basis of accounting is disclosed below.

Other financial liabilities

Other financial liabilities, including borrowings, are initially measured at fair value, net of transaction costs.

Other financial liabilities are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period.

Derecognition of financial liabilities

The Bank derecognizes financial liabilities when, and only when, the Bank's obligations are discharged, cancelled or they expire.

Tangible and intangible assets

Tangible and intangible assets are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes the purchase price and directly associated cost of bringing the asset to a working condition for its intended use. Maintenance and repairs, replacements and improvements of minor importance are expensed as incurred. Significant improvements and replacement of assets are capitalized. Gains or losses on the retirement or disposal of tangible and intangible assets are included in the income statement in the period in which they occur.

Properties in the course of construction for supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Bank's accounting policy. Such properties are classified to the appropriate categories of property and equipment when completed and ready for intended use.

Depreciation commences when the assets are ready for their intended use. Depreciation is calculated on a straight-line basis over the estimated useful life of the applicable assets. Estimated depreciation rates were as follows:

	%
Buildings	3.00
Furniture and other office equipment	20.00
Vehicles	20.00
Computers	33.33

Impairment

At each reporting period date, the Bank reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tangible and intangible assets (continued)

Impairment (continued)

Recoverable amount is the greater of net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. Impairment losses are recognized as an expense immediately, unless the relevant asset is land or buildings other than investment property carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset in prior years. A reversal of an impairment loss is recognized as income immediately, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

Foreign currency translation

Transactions in currencies other than Bosnia and Herzegovina KM are initially recorded at the rates of exchange prevailing on the dates of the transactions. Monetary assets and liabilities are translated at the rates prevailing on the reporting period date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Profits and losses arising on translation are included in the income statement for the year.

The Bank values its assets and liabilities by middle rate of CBBH valid at the date of balance sheet, which approximate market rates. The principal rates of exchange set forth by CBBH and used in the preparation of the Bank's balance sheet at the reporting dates were as follows:

31 December 2011	EUR 1 = KM 1.95583	USD 1 = KM 1.511577
31 December 2010	EUR 1 = KM 1.95583	USD 1 = KM 1.472764

Funds managed for and on behalf of third parties

The Bank manages significant funds for and on behalf of the Government of the FBiH (Ministry of Finance, Ministry of Development, Entrepreneurship and Craft and Ministry of Agriculture, Water Management and Forestry and Ministry of environment and tourism) and the Federal Employment Agency. These amounts do not represent the Bank's assets and are excluded from the Bank's balance sheet. Income and expenses from such operations are charged to the principal and the Bank does not bear any liabilities and risks. For these services, the Bank charges fees. For details refer to Note 24.

3. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Provisions

Provisions for are recognized when the Bank has a present obligation as a result of a past event, and it is probable that the Bank will be required to settle that obligation. Management Board estimates the provisions based at the best estimate of expenditure to settle the Bank's obligation. Provisions are discounted to present value where the effect is material.

Owner's capital

Owner's capital consists of one share of the Federation of BiH and represents the capital of the legal predecessor of the Bank, the Investment bank of the FBiH, taken over by the Bank on its inception.
In accordance with the provisions of the Law on Development Bank of the Federation of Bosnia and Herzegovina, Article 3, the capital of the Bank should be increased by 400 million KM from the budget of Government of the FBiH in equal installments in the next four years, starting from 2008 to 2011.
Up to 31 December 2011 the Government did not make the capital injection in the above stated contracted dynamics and amounts.

4. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Bank's accounting policies, which are described in Note 3, the Management is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty
The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the reporting period date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Useful lives of property and equipment
As described in Note 3 above, the Bank reviews the estimated useful lives of property and equipment at the end of each annual reporting period.

Impairment losses on loans
As described in Note 3 above, at each reporting period date, the Bank assessed indicators for impairment of loans and other financial assets.

Provisions for employee benefits
As described at Note 3 above, in paragraph with heading employee benefits, provisions for the employee benefits are calculated using the projected credit unit method.

(all amounts are expressed in thousands of KM, unless otherwise stated)

5. INTEREST AND SIMILAR INCOME

	2011	2010
Interest on loans to customers	10,298	8,444
Interest on loans to banks	302	113
Interest on placements with CBBH	102	49
Interest on placements with other banks	59	127
	10,761	**8,733**

6. INTEREST EXPENSE AND SIMILAR CHARGES

	2011	2010
Interest on borrowings	76	87
	76	**87**

7. FEE AND COMMISSION INCOME

	2011	2010
Fee income from Agency Activities	1,034	1,067
Fees income from guarantees and letter of credits	231	224
Fees from other transactions	190	238
	1,455	**1,529**

8. OTHER OPERATING EXPENSES

	2011	2010
Donations	27	50
FOREX loss	8	197
Loss on disposal of equipment	1	10
Other	6	2
	42	**259**

9. OTHER OPERATING INCOME

	2011	2010
Grants	73	60
Other	32	54
	105	**114**

(all amounts are expressed in thousands of KM, unless otherwise stated)

10. PERSONNEL EXPENSES

	2011	2010
Net salaries	2,279	2,241
Taxes and contributions	1,651	1,587
Other	1,250	1,135
	5,180	**4,963**

The average number of employees of the Bank during the year ended 31 December 2011 and 31 December 2010 was 133 and 121, respectively.

11. OTHER ADMINISTRATIVE EXPENSES

	2011	2010
Advertising, entertaining and sponsorship	256	202
Fees and taxes	205	172
Telecommunication costs	201	210
Energy costs	135	146
Supervisory board and Audit committee fees	133	189
Services	123	136
Maintenance	96	202
Material costs	89	92
Rent	83	145
Insurance	44	43
Bank fees	15	17
Other costs	92	91
	1,472	**1,645**

12. IMPAIRMENT LOSSES AND PROVISIONS

	2011	2010
Loans to banks (Note 15)	1	(130)
Loans and receivables to customers (Note 16)	(379)	991
Other assets	(5)	-
Provision for commitments and contingencies (Note 20)	2	(111)
Other provisions (Note 20)	78	47
	(303)	**797**

(all amounts are expressed in thousands of KM, unless otherwise stated)

13. CASH AND BALANCES WITH BANKS

	31 December 2011	31 December 2010
Current accounts with other banks in foreign currencies	36,994	57,375
Current account with CBBH	24,347	12,984
Cash at hand	39	40
	61,380	**70,399**

Cash and current accounts with banks include funds for and on behalf of third parties (Note 24).

14. OBLIGATORY RESERVE WITH THE CENTRAL BANK OF BOSNIA AND HERZEGOVINA

	31 December 2011	31 December 2010
Obligatory reserve with CBBH	3,629	4,181
	3,629	**4,181**

Minimum obligatory reserve is calculated as 10% as at 31 December 2011 (2010: 14%) on the average amount of deposits and borrowed funds in all currencies for each working day during 10 calendar days.

Interest rates on funds kept up to minimum obligatory reserve as of 31 December 2011 and 2010 were 0.11% to 1.22% and 0.5% to 0.2% respectively.

15. LOANS TO BANKS, NET

	31 December 2011	31 December 2010
Loans to banks	**3,498**	**3,436**
Provisions for potential losses	(1,610)	(104)
Total loans to banks after allowance for impairment	**1,888**	**3,332**

The movements in the allowance for impairment losses are summarized as follows:

	2011	2010
Balance at beginning of the year	**104**	**234**
Effects of change of accounting policy – re-recognition of receivables previously written-off in full amount according to superseded FBA's decision (E category)	2,897	-
Effects of change of accounting policy – release of allowance (Note 3)	(1,392)	-
Net changes in allowances (Note 12)	1	(130)
Balance at end of the year	**1,610**	**104**

(all amounts are expressed in thousands of KM, unless otherwise stated)

16. LOANS TO CUSTOMERS, NET

	31 December 2011	31 December 2010
Short-term loans (including current portion of long-term loans):		-
Corporate	18,204	1,871
Retail	96	36
Current portion of long-term loans	14,704	1,047
	33,004	*2,954*
Long-term loans (excluding current portion):		
Corporate	187,029	170,205
Retail	3,296	3,298
	190,325	*173,503*
Total loans before allowance for impairment	***223,329***	***176,457***
Provisions for potential losses	(19,023)	(9,793)
	204,306	**166,664**

The movements in the allowance for impairment losses are summarized as follows:

	2011	2010
Balance at beginning of the year	**9,793**	**9,280**
Effects of change of accounting policy – re-recognition of receivables previously written-off in full amount according to superseded FBA's decision (E category)	12,711	-
Effects of change of accounting policy – release of allowance (Note 3)	(3,102)	-
Net changes in allowances (Note 12)	(379)	991
Write off	-	(478)
Balance at end of the year	**19,023**	**9,793**

(all amounts are expressed in thousands of KM, unless otherwise stated)

16. LOANS TO CUSTOMERS, NET (CONTINUED)

Analysis of loans before allowance for impairment losses by industry:

	31 December 2011	31 December 2010
Loans to corporate		
Manufacturing	109,585	89,783
Agricultural	22,849	18,216
Construction	16,084	7,029
Trade	11,657	8,418
Restaurants	3,900	3,156
Transportation, storage and telecommunication	9,592	5,510
Financial services	664	1,292
Real estates	181	-
Public administration and defense	24,955	15,987
Other	19,804	23,732
	219,271	*173,123*
Loans to retail		
General consumption	238	390
Housing loans	620	740
Crafts	3,200	2,204
	4,058	*3,334*
	223,329	**176,457**

Figures presented in above table includes principal, increased for interest receivables and decreased for deferred income from origination fee as of 31 December 2011 and 31 December 2010.

Weighted average interest rates for granted loans as at 31 December 2011 and 2010 were as follows:

	31 December 2011	31 December 2010
Corporate	4.70%	4.63%
Retail	4.17%	4.10%

(all amounts are expressed in thousands of KM, unless otherwise stated)
